# President's Message

On behalf of the members of the Saskatoon B'nai B'rith Lodge, I would like to extend the very warmest of greetings to all members of the Jewish Community.

This telephone directory is being provided by the lodge as a service to the community. Much work has been done, and many, many hours have been spent by Israel Chertkow, Mary and Sam Lifshen and their committees in compiling the lists, and checking and double checking for accuracy. The lodge extends to them a hearty vote of thanks, and hopes that this directory will prove as popular and convenient as similar ones have, in former years.

Sincerely and Fraternally,  
SIDNEY P. TRAUB, M.D.,  
President, Saskatoon B'nai B'rith.

# The Rabbi's Message

This is a vast, sprawling planet on which we live. Our earth is thick-crusted and far-reaching, linked by oceans and mountain ranges, by continents and forests and deserts. Sometimes it becomes very lonely to those who are of a sensitive nature; at times it even seems a little unfriendly. It is, indeed, a massive globe spinning on its own axis and also around the sun.

On this sprawling planet of ours, the third in order of distance from the sun and the largest within the orbit of Jupiter, there are well nigh three billion people. Myriads of human beings swarm on its surface, representing all colors, all languages, all qualities and types of customs and mores, professing disparate religions, beguiled by fantastic superstitions, shivering in the cold of winter and sweltering in the heat of summer—a mighty numerical host indeed.

Some 3,000 years ago an inspired master prophet and lawgiver gazed into the curtaigned future and foresaw that the happiness and tranquility of the great mass known as mankind would depend on obedience to a simple admonition: Love thy neighbor as thyself. However large the world might become, it could exist only as a neighborly world, only as a tremendous hearthside on which the fires of friendship and mutual trust reach out from heart to heart. This was the vision promulgated in the book of Leviticus.

There are two salient ingredients that make up the essence of being a neighbor. The first is the recognition that we are created in the Image of God and this common tie unites us in an unbreakable bond of humanity and we should, therefore, all participate in the great Covenant that has Divine sanction. Spiritual topography and not geographic topography makes for real neighbors. Another common denominator that unites people is derived from the fact that we are human beings, that we all share a common "humanness". All the millions form one humanity. Just as every petal in a flower is a part of the whole flower, so in humanity—the great flower planted by the Almighty—every person in the world is a petal in that all-embracing bloom.

It is very significant, then, that this book has the word "neighbor" in its title and concept. We, the Jewish people, have ever been in the vanguard that stormed the minds of people with the eloquent plea for understanding and appreciation and respect for each one who represents a flower in the garden of the world. As always, we shall continue to hold aloft this torch of light and human warmth for it is supreme and ineffable. From Know Your Neighbor we shall advance to Love Your Neighbor—the first is irresistible, while the second is invincible!

SHMARYAHU T. SWIRSKY

## An Appreciation

It is with a warm sense of accomplishment that I write these few words which bring to a close the task undertaken to bring people closer to one another with this "Know Your Neighbor" Book.

I would like to take this opportunity of thanking all the advertisers who made the publication possible. It would be well if we showed our sincere appreciation by patronizing them on all occasions and favouring them for their munificent kindness to us.

While it is difficult to enumerate all who shared and participated, I do want to express particular gratitude to the President of the Community, Mr. Sam Lifshen, who was loyal in his support and dedication, and to thank the rest of the committee for their efforts in this undertaking.

I would also like to extend appreciation for the many hands who helped to make this venture a success and if only one person will receive an extra call through the medium of these pages, a call of friendliness, and bring some cheer we shall feel our efforts have been nobly rewarded.

ISRAEL CHERTKOW, Chairman.

## President of Jewish Community

On behalf of The Saskatoon Jewish Community, I wish to extend best wishes to the B'nai B'rith Lodge No. 739 for continued success in sponsoring this "Know Your Neighbor" Directory, a most vital publication, widely used by all organizations as well as every individual member in our community.

B'nai B'rith lodge has always played an important role in the life of our community, and always strive to extend their three cardinal principles of **Benevolence, Brotherly Love and Harmony**, beyond the boundaries of the organization into the community at large.

It takes many component parts to make up a good community, and a service organization such as this fills a great need and merits our wholehearted support.

I would like to thank the B'nai B'rith Lodge and their executive for the interest they are taking in the welfare of the community and wish them continued success in all their future endeavours of service.

SAMUEL J. LIFSHEN, President.
